

**Mansoura University
Urology & Nephrology
Center
Urology Department
Mansoura, Egypt**

3rd International Training Course on “Techniques in Reconstructive Urology”

**28 Jan-3 Feb, 2012
Mansoura, Egypt**

Course Objectives

- **Hands on training** and practicing the common reconstructive urologic techniques.
- An insight in the recent trends in the management of urethral, ureteric strictures, bladder substitution, augmentation and hypospadias..
- Discussion of the relevant debates.
- Critical evaluation of recent reconstructive techniques.

Course Director

Prof Mohamed A Ghoneim

Co-Directors

Prof M Dawaba Prof B Ali-El-Dein

3rd International Training Course on “Techniques in Reconstructive Urology”

Course Topics

1. PUJ:

- Pyeloplasty: Open; adults & children
- Pyeloplasty: Laparoscopic
- Endopyelotomy and other techniques

2. Ureter:

- Ureterovesical reimplantation:
Techniques
- Resection Reanastomosis
- Ileal replacement of the ureter
- Endoscopic techniques: Incision,
injection

3. Bladder:

- Substitution cystoplasty (Orthotopic
bladder replacement)
- Augmentation cystoplasty
- Continent cutaneous diversions

4. Urethra:

- One stage urethroplasty
- Hypospadias: proximal & distal

- **5. Others:** Incontinence (males and females), repair of VVF

Training Activities

- Practicing surgeries at the animal lab:
UV reimplantation, Boari flap, classic ileal and modified Monti for ureteric replacement, substitution and augmentation cystoplasty. Simulation pyeloplasty. Simulation urethroplasty.

- Live surgery in humans:

- UV reimplantation, Boari flap, classic ileal and modified Monti for ureteric replacement, substitution and augmentation cystoplasty. pyeloplasty and urethroplasty.

- Endoscopic reconstructive techniques:
e.g. Endopyelotomy, treatment of ureteric strictures.

- Video presentations
- State of the art lectures
- Point counter point & debates
- Panel discussion
- Case studies

Faculty/ Surgeons

- Well known Certified urologists of Mansoura UNC
- Special Guest: Prof G Barbagli

Mansoura, Egypt
28 Jan-3 Feb, 2012

Registrations fee: 1000 US\$

For Egyptians: 2000 Egyptian Pounds

This covers:

- Transportation from and to airport.
- Scientific sessions.
- Congress Kit.
- Certificate of attendance.
- Daily Lunch and Dinner.
- Gala dinner
